

Installation Instructions:

1) Ensure all of the files are unblocked (Windows Only)

- Right-click on the file
- Select 'Properties'
- Navigate to the 'General' tab
- Click the 'Unlock' check box at the bottom right of the tab
- Press 'OK'

2) Add the HIVE.gha file to the 'Components Folder' of your Grasshopper

Libraries (Windows/Mac)

- Open Grasshopper
- Navigate to the 'Files' tab
- Select the 'Special Folders' menu item
- Select the 'Components Folder' from the dropdown
- Copy the HIVE.gha file into this location
- Close and reset Rhino/Grasshopper

Note: H.I.V.E. is compatible with both Rhino 7 and Rhino 8

If you have difficulties installing H.I.V.E., please feel free to contact us by email using hive.pedsim@gmail.com
