

## **INSTALLATION INSTRUCTIONS:**

1) Ensure all of the files are unblocked (Windows Only)

- Right-click on the files/folder
- Select 'Properties'
- Navigate to the 'General' tab
- Click the 'Unlock' check box at the bottom right of the tab
- Press 'OK'

2) Add the Kova PedSim folder into the 'Components Folder' of your Grasshopper Libraries (Windows/Mac)

- Open Grasshopper
- Navigate to the 'Files' tab
- Select the 'Special Folders' menu item
- Select the 'Components Folder' from the dropdown
- Copy the Kova PedSim folder into this location
- Close and restart Rhino/Grasshopper

Note: Kova PedSim is compatible with Rhino 8 for both Mac and Windows

If you have difficulties installing Kova PedSim, please feel free to contact us by email using [kovapedsim@gmail.com](mailto:kovapedsim@gmail.com)
