# VeloxSim Particles Installation Guide Team License

Dr. Sam Wong – sam.wong@veloxsim.com

VeloxSim Tech Pty Ltd

Installation Guide

- Recommended System Requirements:
    - Windows 10 – 64bit
    - 4-Core CPU
    - 16GB Memory
    - Nvidia 1060 Ti or AMD Radeon RX 580 and above
    - Basically a decent gaming machine
   - It also works on Quadro series card

- VeloxSim Particles:
    - Install Rhino 7 – link – 90 Days Evaluation version is available
   - Install VeloxSim plugin for Rhino - VeloxSim_Installer_V1pX.exe
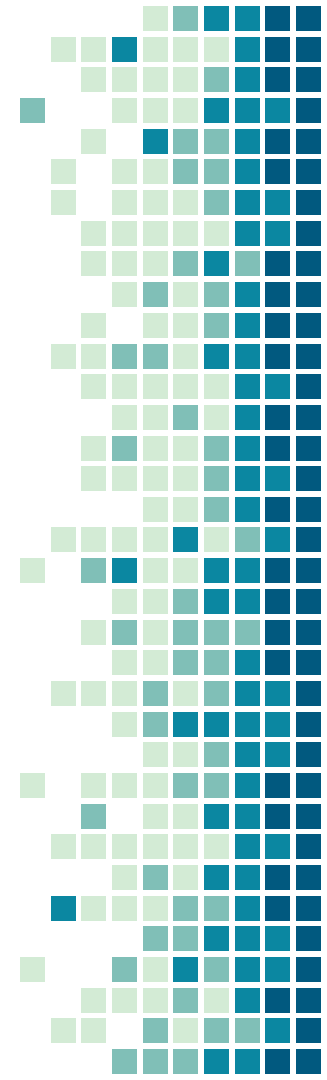

Create a Rhino Account
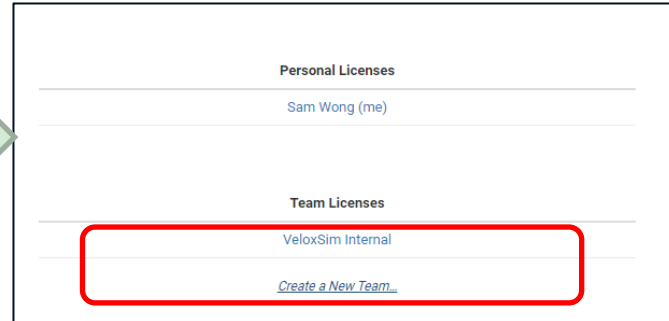

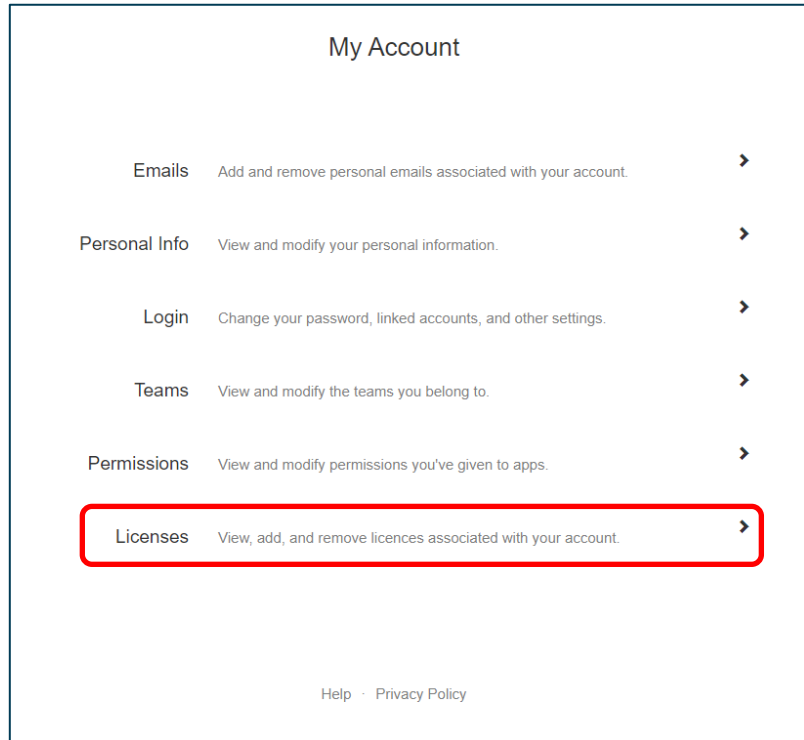

- Go to www.rhino3d.com -> my account
- Create a new Rhino Account (few options available) and then login.

Team Licenses

VeloxSim Internal

Create a New Team...

- In your Rhino Account page, go to Licenses
- And then click on your team or create a new team

Add License to CloudZoo

Enter your given license key – starts with VE81

Success!

Add Your Colleague to Your Team

• You can add a member to your team by clicking "Invite Members".

In Rhino7
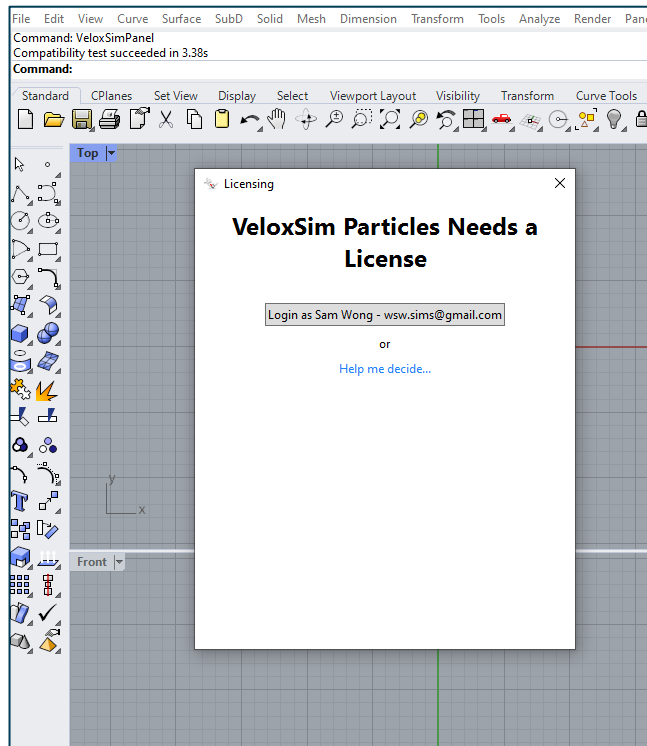

In Rhino, when it first loads the plugin, it will ask for the license, just follow the prompt.
